How to Ride: Riding the bus is easy! First you need to find the route nearest to your point of origin (your home, place of work, etc.). Then you look for the route nearest your destination (you might have to transfer to reach your destination). Find the time schedules so you will know when and where to board the bus nearest to you. Due to traffic, the times listed are approximately the times the bus should pass. Please allow an additional five minutes on either side. You may board the bus anywhere along the route by simply waving to signal the bus operator to stop. You must be on the same side as the approaching bus. If you have any questions, feel free to ask your bus operator. When approaching your destination, please notify the operator by pulling the cord near the window. Buses are ADA wheelchair accessible. We cannot provide transportation if the combined weight of the customer and the mobility aid exceeds 800 pounds.
