**How to Ride:** Find the route nearest to your location.

Then look for the route nearest your destination - you might have to transfer to reach your destination. Look at the time schedules so you will know when and where to board the bus nearest to you. Due to traffic, the times listed are approximately the times the bus should pass. Please allow an additional five minutes on either side. You may board the bus any safe place along the route by simply waving to signal the bus operator to stop. You must be on the same side as the approaching bus. When approaching your destination, please notify the operator by pulling the cord near the window. If you need to transfer to reach your destination, ask the driver of the first bus you board for a transfer slip.

**Disabled & Senior Passes:** To receive an application for a D or S-Pass (65 years of age or older) call 979-778-0607 or
